PARENTS STATEMENT

This statement should be carefully read, initialed and signed by an adult who is both responsible for and residing with the child. If you have a question about any item in this statement, please discuss it with the administration.

1. I have been told about the Parent/Student Handbook on the website and will be responsible for reading it in order to understand the policies of Lakeland Christian Academy (LCA). Yes No
2. I believe myself to be in essential agreement with the following:

LCA supports God's plan for traditional families with married parents (Ephesians 5:31) and children living with their mother (female) and father (male). God's perfect plan is for children to live and grow up with the love and security of their family. We live, however in an imperfect world with illness, death, abuse and divorce. (Romans 3:23). Many children who are in such circumstance are blessed by having loving adoptive parents who function as the biological family. Sometimes children have additional or substitute parents who love and care for them. Due to a variety of circumstances, many children now live in single parent families, blended families, or extended families. Activities that teach appreciation for our families, such as making cards and gifts or telling stories should be sensitive to each child's family structure while reinforcing traditional family lifestyles. Such activities affirm for the child acceptance of his/her family and lay foundations for children to build expectations from their own families in the future. Yes No
3. I understand that my child may be suspended or dismissed during the school year if he/she willfully or repeatedly disregards school standards. Yes No
4. I understand my child's picture will be used for routine school projects, (Example of, but not Limited to: crafts to be sent home, school and class programs – Christmas, End of School Program, school directory). Yes No
5. I understand security cameras are operating in the classrooms and the playground. Yes No

8. I DO DO NOT give permission for my child to be administered Standardized Academic Testing.

11. The school retains the right to refuse re-enrollment if it is in the school's or child's best interest.
